Product data sheet

SOS603 Rescue line container

Shown with label and padlock which are not supplied

Typical use:

Marina, riversides, canals and lakes,
For the storage of 1 x Rescue line

Description:

This throwing line container will provide excellent weather protection to the rescue line by preventing UV and water damage. It is very easy to operate with a drop down door to release the rescue line. The door can be fitted with an anti-tamper seal or a padlock to deter theft or vandalism.

It can be mounted to a wall, railings or a GRP post and the rail and post mounting kits are available as an option.

Manufactured in the UK
